

# August Birthday Lyrics

• • • to the tune of "Mr. Sandman" • • •

Happy birthday, it's your big day,  
Hope that it's special and more than okay.  
We've planned this party with just you in mind,  
We hope you like it and if you're so inclined,  
We'll serve some birthday cake,  
With all the candles that your age might take.  
Let's spruce up a little bit,  
Come and help us make it a hit!

Happy birthday, happy birthday,  
Lots of good company is coming your way.  
We've got the hats and lots of balloons,  
Come on and join us as we sing this tune.  
Blow out all the candles,  
Unless there's too much to maybe handle.  
In that case we'll help out too,  
Happy birthday wishes to you!
